OUR VISION

At Divaris Construction, we aim to build more than just structures;
we build lifelong partnerships and lasting impressions.

DEMETRI & GEORGOU DIVARIS

Demetri and Georgou Divaris, the founders of Divaris Construction, bring hands-on experience and a practical understanding of the construction industry. Supported by a skilled and passionate team, they ensure every project receives unmatched attention to detail and professional expertise.

OUR EXPERTISE

New Builds:

We construct custom-designed homes tailored to your specifications, blending style, comfort, and functionality.

Renovations:

We revitalize spaces with thoughtful design and expert craftsmanship, enhancing both aesthetics and functionality.

Extensions:

We create seamless property extensions that preserve the charm of your current home while adding the extra space you need.

Project Management:

With meticulous attention to detail, we oversee every aspect of your project, ensuring timely and exceptional results.

OUR VALUES

Quality:

Every project is executed to the highest standards, from concept to completion.

Client Satisfaction:

Building long-lasting relationships through trust, integrity, and excellent service.

Innovation:

Constantly seeking innovative solutions to deliver outstanding results.

Impact:

Creating spaces that enrich the lives of our clients for years to come.

ABOUT US

Established in 1987, Divaris Construction is a leading building company located in the scenic Garden Route, South Africa. With over 38 years of industry expertise, we specialize in crafting high-quality new homes, renovations, extensions, project management and maintenance services. Our passion lies in turning our clients' visions into reality with precision, care, and innovative solutions.

Established by Demetri Divaris in 1987 (previously known as D Divaris construction t/a Sedgefield Timber & Brick Construction). Demetri brings extensive experience from working on large scale projects with leading construction firms like Group Five, WBHO, Proplan construction, Murray and Roberts, Penny Pinchers, Grinaker.

Working on projects such as Mthatha temporary airport building for Group Five as well as a low cost housing project in Mthatha, Fancourt roofs, Fancourt clubhouse roof and carpentry, Fancourt spa carpentry work, Pezula clubhouse roof, Bitou Vineyard roof and carpentry work, Knysna waterfront (ground beams, formwork, roofs and wet work), Knysna Keys office blocks.

Georgou Divaris, Demetri's son, joined the company in 2019 to continue the companies legacy with the guidance from Demetri. In 2021 the company changed the name to Divaris Construction, (same company, same director, same goal and values) just a fresh new look.

We'd love to hear from you! Let's discuss how we can bring your vision to life.

FEATURED PROJECTS

Our portfolio showcases diverse projects

HOUSE PROTEA

A luxury home on Swartvlei lake. a custom designed luxury home showcasing modern architectural design. The project included

- Custom oak kitchen cabinets
- Bespoke spruce beam trusses
- Walk-in fridge and freezer
- Stone fireplace

This project faced some challenges in the earthworks where we had to constantly de-water the footprint in order to get out of the ground with the concrete pillars.

LAKE HOUSE 1

Extensive renovations on Swartvlei lake.

A comprehensive renovation aimed at revitalizing a lakeside home while maintaining its charm. this included a full interior and exterior remodel.

HOUSE LANGVLEI

A unique build in Langvlei dunes, Wilderness. This project is elegantly nestled within a lush, green environment, blending harmoniously with the natural surroundings.

- Featuring large windows providing stunning views overlooking island lake.
- This project features custom concrete kitchen countertops, adorned with european beach timber cabinetry.
- Also featuring spruce timber stair treads and solid european beach timber flooring.

Each project reflects our dedication to excellence and creativity.
